LETTER OF RECOMMENDATION

Dear Khyati,

Good day!

I had the opportunity to work with Khyati in our company for summer internship of 1 month.

During that time, we found Khyati to be a skilled individual with the innate ability to apply learned theoretical knowledge into practice. She is enthusiastic and reliable in completing the assigned work. She is very dedicated to succeed in achieving all assigned goals.

Her motivation and leadership qualities are excellent as she was Intern team leader in the Business Development Department!

As an individual or a colleague, she is easy to communicate with. Hence, I encourage you to consider my recommendation for her.

If you need more information about her, please do not hesitate to contact me at +91 9999722117.
